RIGINA, August 8,

The assembly opened on Tuesday, 2nd. The governor's speech alludes to immigration; improvement of roads construction, and of colonization roads. It declares the license law has given general satisfaction and that apprehension as to the evil effects has not been realized, but amendments will be made. Co-operation of agricultural societies desiring to secure exhibits for the World's Fair. Allusion was made to the progress of dairying.

It is reported the assembly has been given control of the Northwest funds in a lump sum, and they can distribute it as they please. The amount will be about \$200,000.

Mowat re-introduced his bill of last session on Thursday.

Haultain will introduce amendments to license ordinance.

The Vermont delegation is in the Territories conducted by Waggoner, formerly of Prince Albert, and will reach Edmonton about Thursday next or the following Monday.

WINNIPEG, August 8.

J. Black, of Fergus, Ont., an extensive cattle dealer, suicided at Liverpool.

The quarantine against Manitoba has been raised by North Dakota authorities, trains now running as usual.

Excursion trains will leave Toronto on the 16th and 23rd inst. and on September 5th. Fares for round trip to Calgary \$35, Edmonton \$40.

A collision occurred at Harbor Creek, Erie, Pennsylvania, on L. S. & M. S. R. R., between a passenger and freight train. The engineer, fireman and one passenger were killed, and many others injured.

CALGARY, AUGUST 8.

All quarantined persons liberated, except three, only one of whom has disease.

Rev. Messrs. Dean and Herdman preached vigorous sermons yesterday against the rioters who attacked the Chinese laundries.

LOCAL.

We had quite a shower on Saturday forenoon. MAYOR McCauley has appointed J. Peacock for the second night watchman.

Mrs. MOWAT, of Clover Bar, is very much better. She is able to walk about now.

E. NAGLE left on Friday for Good Hope, McKenzie river, to put in the winter trading.

The raffle for the musk ox robe, advertised for August 3d, did not come off. W. S. Edmiston bought it.

MESSRS. J. C. Cameron, A. Cameron and E. Hetu returned from Winnipeg by Thursday's train and report business very brisk in that city.

The Edmonton band have received their instruments by Thursday's train, and can be heard over a good part of Edmonton practising in the evenings.

Mrs. ADAMSON, Edinburgh, Scotland, accompanied by Miss A. M. Adamson, arrived on Thursday's train, on a visit to her sons at Clover Bar. They left Scotland July 15th.

W. T. REES has been improving his coal mine lately, by putting in a ventilator, improving the track and draining it. The mine is over 300 feet under the bank and supplying excellent coal.

It is very kind of civilians to give advice to the chief and firemen of the fire brigade, but they will find out the fire brigade will be run better if they hold their tongues and let the firemen hear their chief.

THE sidewalks are progressing slowly but favorably.

R. MINNIE is building an addition to the Queen's Hotel, Fort Saskatchewan.

JAS. B. ADAMSON has just finished a nice dwelling house on his farm at Clover Bar.

JAS. McDONALD, contractor, commenced the frame of S. S. Taylor's building this morning.

THE stone work for Mrs. Hardisty's building will be completed this week. The carpenters started work this morning.

WM. McDONALD was brought up before justice McCauley for the theft of \$80, from Larue & Picard, and committed for trial. Bail was accepted.

A. COGHLAN has sold out his share in the livery business of Coghlan & Bellisle to Stanley McPhadden, and the business will be run now by the firm of Bellisle & McPhadden.

THE exhibition number of the Manitoban is to hand increased to 70 pages, seemingly the best yet issued. It has illustrations of Main street, Winnipeg, Captain Price's farm, Moosomin, and numerous others.

THE name of the Indian, who recently found the purse lost by Rev. Father Fouquet, is Daniel Cardinal, who, besides being scrupulously honest, as this incident proves, is one of the most industrious Indians on Enoch's reserve, Stony Plain.

CALGARY Herald: We understand that the postoffice inspector for Manitoba and the Territories has recommended that a postal car be placed on the Calgary and Edmonton railway, between Calgary and Edmonton; and it is believed that this will be done at an early day.

THE funeral of the late F. Pagerie took place on Friday, at Fort Saskatchewan. Service was held in the Roman Catholic church by the Rev. Mr. Dorais. A very large number of people were present. A. F. Degagne, P. Byrns, Morin, J. Fairbanks, J. Reid, J. B. Beaupre, L. Kelly, Duplessis acted as pallbearers.

MOST of the delegates, who arrived last Monday from North Dakota, left on Friday's train after taking up land around the two creeks, east of Fort Saskatchewan. The majority have farms under crop this year in Dakota so have gone back to harvest, but will return this fall and some early in the spring.

CALGARY Herald, August 3rd: A. Allan returned from Edmonton, having gone up on Monday's train. This was Mr. Allan's first visit to the north, and he is quite enthusiastic in his description of the wonderful growth of the vegetation in that part of Alberta. The crops, he says, are in splendid shape.

A MEETING was held at A. Fraser's farm by some Clover Bar farmers, on Saturday night to hear what Mr. Ingram had to say about establishing a creamery. Hearing what he said all present were in favor of a creamery, which will probably be started in the spring. After this a meeting of the Farmers' union was held.

IT would be a very good idea if the town council could make arrangements with the Edmonton Electric Light & Power Company to have the electric lights going until daylight appears, perhaps by doing so their would not be quite so much danger from "fire bugs," besides it would greatly assist the night watchmen in their duty some of those dark nights.

ORILLIA Packet: Mr. John Gray, of Coldwater, returned last Friday, after forty days in Manitoba and the Northwest. Mr. Gray speaks particularly highly of the Calgary climate, and prefers Edmonton as a farming district. The only fault to be found with the latter, perhaps, is that people make a living so easily it must be hard to retain the energy and enterprise which are begotten of toil and difficulty.

G. L. BICKLER was brought up before justices Piercy and McCauley charged with vagrancy. He was warned to leave town, and sentence suspended.

WHY can't Canada follow the good example of the United States and bar Chinamen? They do more harm than good to the country, and the disturbance in Calgary last Tuesday pretty well shows the feeling towards them. All through one Chinaman the whole Northwest has been kept in a state of anxiety by bringing small-pox into Calgary, and the others concealed it for weeks. The authorities in Calgary knowing the feelings of the citizens ought surely to have made provisions for the Chinamen's speedy dismissal from the Northwest before liberating them from quarantine.

The Toronto Mail of August 1st says it is very evident we are to be forced into a long and possibly angry dispute over the Manitoba school question. In justice the issue ought to be regarded as settled when the judicial committee of the Privy Council hands down its deliverance upon it, but our Quebec friends, although at one time favorable to a reference to the highest court, are not willing to be governed by the determination at which that tribunal arrives. Unless judgment happens to be in their favor, Quebec cannot and must not attempt to direct Ontario or Manitoba legislation through manipulations at Ottawa. Our French friends may depend upon it that a demand upon the Federal parliament or ministers to legislate for Manitoba in a manner not authorized by our institutions will be met with a solid opposition from every one of the English provinces.

Governor Burke, governor of North Dakota, has issued a proclamation quarantining the province of Manitoba. This means that all traffic between Winnipeg and the south will be prevented for the present. The railways have received official notification of the proclamation and will only sell tickets to Emerson until further notice. Premier Greenway can hardly understand the reason of the state authorities for declaring such a quarantine. He has telegraphed Governor Burke, and has wired the facts setting out that the action of the Dakota authorities is too severe. There are said to be cases of smallpox on the other side of the line in towns near the international boundary line.

The Toronto Globe's London cable says: Hon. Edward Blake, has arrived in London in excellent health and awaits with pleasure the work of the Imperial parliament. He will make his first speech in England on Thursday next on invitation of the Eighty club. He will also address the Home Rule union on Monday week, dealing especially with the good effects of home rule in Canada.

The race for the Goodwood cup to-day was won by D. Baird's five-year-old bay colt Martagon, the Duke of Westminster's five-year-old colt Blue Green, second, and Colorado, a four-year-old old chestnut colt third. Colorado's third is a sure prize as the colt has been noted for bringing up the rear.

PUBLIC HEALTH.

Nuisances is a section of the Public Health Act, to which special attention should be directed, and several classes of nuisances are defined by the Act as follows:

(1.) Any premises in such a state as to be a nuisance or injurious to health;

(2.) Any pool, ditch, gutter, water-course, privy, urinal, cesspool, drain or ashpit, so foul, or in such a state as to be a nuisance, or injurious to health.

(3.) Any animal so kept as to be a nuisance or injurious to health.

This definition applies to pig-styes, fowl-pens, cow-byres, etc. In dealing with nuisances of this description, it often happens that the abatement may be affected in various ways. For example, a nuisance arising from a pig-stye may be abated sometimes by keeping the animal in a more cleanly way, by lessening the number of pigs by properly draining the stye, by removing the stye if it be too near a dwelling, or by prohibiting the keeping of pigs altogether. It may safely be laid down as a rule, that pig-styes close to dwellings, or under bedroom windows, will always be more or less a nuisance, no matter how carefully the animal may be kept.

(4.) Any accumulation or deposit which is a nuisance or injurious to health.

In this definition are included offensive manure heaps, or other filth accumulations; which are close to dwellings or frequented paths.

(5.) Any house or part of a house so overcrowded as to be dangerous or injurious to the health of the inmates, whether or not members of the same family.

If after notice a nuisance is not abated, but is, in the opinion of the authority, likely to recur on the same premises, it is their duty to institute proceedings before justices.

OUR PEN FRIEND.

Calgary Herald.

The steel pen man, who is running a lottery in the public streets, claims a peddler's license as a protection. This is quite too thin. The anti-lottery, anti-gambling laws of Canada cannot be safely defied by the aid of a pedlar's license issued by the town of Calgary. A peddler's license is exactly what it purports to be; it licenses a man to peddle or hawk his goods about town. It gives nobody a right to gamble or to encourage hundreds of others to gamble. It gives nobody a right to gather a crowd on the streets and block public thoroughfares. The laws of Canada against lotteries and gambling are as much in force here as they are in the vicinity of the Parliament buildings at Ottawa. Councillor Cushing, of the police committee, ordered the police to stop the steel pen man's operations on Saturday night, and very properly so; and we hope the course will be continued.

OPENING OF THE LEGISLATURE.

The legislature was opened at Regina on August 2nd with the usual ceremonies. The following is a copy of the lieutenant-governor's speech:

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY.

I have deemed it advisable to call you together at the earliest possible moment in the new financial year for the purpose of enabling you to make provision for carrying on the Public Service and especially such public works as may be undertaken before the season closes.

The great influx of immigration into the Territories renders it imperative that our roads be kept in a state of good repair and bridges built wherever necessary.

The important question also of opening up those great arteries of travel, called Colonization Roads, is worthy of your serious consideration and is a matter that has been repeatedly and prominently brought to my notice, when visiting, in the discharge of my duties, the various districts of the Territories.

I am happy to know that the Liquor License Ordinance, which you adopted last session, has, upon the whole, given general satisfaction and that any apprehensions as to the evil effects likely to arise from the change in the law have not been realized. I have no doubt that, after some months' experience of the working of the Ordinance, amendments may now suggest themselves for your consideration, which would tend to make its provisions more effective and complete.

Your co-operation will be solicited by the Agricultural and other societies in the collection of exhibits for the World's Columbian Exposition to be held in Chicago in 1893. In the selection of such products as timber, cereals, minerals, grasses, fruits and vegetables, you will have ample opportunity of displaying the physical character and natural resources of the Territories. I have every reason to believe that the arrangements which will be made in this respect will in due for our country the attraction and admiration of the visitors.

I am glad to be in a position to state that the dairy industry is making rapid strides amongst our population. Several creameries and cheese factories have been established since the last session of the assembly, and I understand that a profitable market has been found to reward the

enterprise of the promoters. There is an unlimited demand, with remunerative prices, always existing for butter or cheese of the first quality, and consequently no effort should be spared to establish the reputation of the dairy products of the Territories. Provided no inferior article is allowed to find its way into the market, the farmer may rest assured that the demand for his butter and cheese will not be less than for his wheat and cattle.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY.

It will be my duty to communicate to you, at the earliest possible moment, any order of His Excellency the Governor-General in Council relating to such portions of any moneys appropriated for the Territories by the Parliament of Canada last Session, as the Lieutenant Governor is authorized to expend by and with the advice of the Legislative Assembly or of any Committee thereof.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY.

I now leave you to the discharge of your Legislative duties, and I feel confident that in considering the various measures, which will be brought before you, your action will be guided by prudence, wisdom and equity.

The following is an extract from a letter to the "Colonist," signed by 15 Nebraska delegates: We have just reached Edmonton, and have been more than pleased with the appearance of the country in many places. From Moose Jaw to Calgary, we were not fascinated, although there was much land to be seen from the rail that is better land even for farming than much that we left behind us in Nebraska. The immense stretches of first-class ranching country which we passed through in that section surprised us all. But for mixed farming we feel sure that this valley of the Saskatchewan is to be the paradise of the farmers in the near future. We are driving out to-day to make closer investigation. We cannot close this short notice to our friends and to the public without stating how grateful we all feel at having had the good fortune to fall into the hands of Mr. H. H. Smith, the agent in charge of our party. He is unremitting in his attention to our comfort and interest, and knows the country well. Instead of exaggerating the country we feel that "the half had not been told." We will send a short report of our conclusions when we get through with our inspection.

A deputation of manufacturers and farmers from Brant county, Ontario, waited upon Sir Oliver Mowat recently and intimated to him the advisability of uniting his proposed Central prison binder twine industry with a manufacturers' establishment for twine and farm implements which they were anxious to establish to some extent on a co-operative plan. Sir Oliver promised careful consideration of all proposals made.

Canadian Pacific earnings for June, 1892, were \$1,793,277; working expenses, \$1,122,127; net profits, \$671,150. In June, 1891, the net profits were \$601,813, and for six months ending June 30th, the figures are as follows: Gross earnings, \$9,822,489, working expenses, \$6,500,005; net profits, \$3,322,484; For six months ending June 30th, 1891, the net profits were \$2,954,522.

The egg trade between Cornwallis Valley, Nova Scotia, and the United States has entirely ceased. During the year ending June, 1890, \$10,000 worth of eggs were exported; in 1891 the value fell to \$1,000 and not a single egg has been exported.

FIRE.

After the recent fires people could not believe that any incendiary was at work, but put the cause of the fires down to carelessness or drunken men sleeping in the buildings. No one can doubt now but that it is done by some incendiary. On Thursday afternoon the Hotel du Canada was seen to be smoking at the door, fire had just started under the first floor, but was quickly put out by a pail of water. It is supposed that some one had thrown a cigar in about the sills, which were uncovered for repairs.

Then about seven o'clock the same evening the town was disturbed by the fire bell ringing and inside five minutes the fire engine was at Reid & Kelly's (late Williams & Reid's) stable, when it was found that the hay in the loft was on fire; but through the active management and willing hands of the fire brigade this fire was extinguished a quarter of an hour after the engine arrived, and very little damage was done. This is a log stable with the floor of the loft made of poplar rails, so the hay hangs down in places between the rails. When the fire was first noticed the hay next the roof was burning in the middle of the stable. There was no fire in or near the stable, and some one must have deliberately set a match to the hay hanging between the poles.

About 2:30 Friday morning something across the road attracted the attention of C. Paul, who was acting watchman for A. F. Degagne, builder, in going over he found a man in the building that is being erected by A. H. Martin, next to Connor's furniture store. It was too dark to see what he was doing or who he was, but on sight of the watchman the would be incendiary fled. Paul followed him, but in the dark the man got over the high banks leading to the river. C. Paul on returning to the building found two empty bottles and their late contents—coal oil—had been poured into the corner of the building. The description Paul gives of this man is, tall, slim, wearing light colored trousers, blue shirt and colored handkerchief on his head. George Falardeau, who lives on the river bank, about daylight saw a tall slim man run past his tent with his head bowed, seemingly to avoid recognition. If this were the same man he had found his hat and jacket by the time he got to the river bank.

Is it possible that there are such blackguards in or near Edmonton who can be paid to set fire to our little town?

The town council now offer a reward of \$500 to any one who will give information that will lead to the conviction of any person who has tried to set fire to, or who may try to set fire to any building in the municipality. We hope this will bring the culprits to justice.

TOWN COUNCIL.

FRIDAY, August 5.

A special meeting of the town council was held at 2 p.m.

Present: Mayor McCauley, councillors Strang, Carey, Fraser, Goodridge, Daly and Cameron.

Daly and Strang moved that the town offer a reward of \$500 for the detention and conviction of the party or parties who have lately been setting or attempting to set fire to certain buildings, or for the detention and conviction of any party or parties who may set or attempt to set fire to any building or buildings within the municipality.

Strang and Cameron moved that notice of reward mentioned in previous motion be inserted in the Edmonton BULLETIN for three weeks.

Carey and Goodridge moved that the mayor swear in a second special constable to act as night watchman for 15 days or longer, if required, in order to strengthen the hands of the mounted police.

GENERAL NEWS.

Scotland again won the Elcho Shield at Bisley, with the score of 1,696; England 1,692; and Ireland 1,665.

Montreal sends \$25,000 to the sufferers of the St. John, Newfoundland, fire; Toronto, \$22,000; London, England, \$40,000.

Battleford Herald, July 27th: The steamer Northwest was unable to secure a cargo and will consequently not come up the river again this season.

THE first number of the Lake Magazine, published in Toronto, is to hand, it is devoted to politics, science, and general literature, fiction and poetry. It contains a beautiful cut of the Toronto university, besides others of prominent statesmen and some very interesting reading matter.

Commercial: Owing to the strike of nail makers the four Montreal nail factories have been compelled to close down. The strike is for an increase of wages. The employers say they are willing to pay ten per cent. over the old schedule which is one and a half cent over the rate paid at Pittsburg, but will not pay the rate demanded by the men, declaring to be out of all reason.

Battleford Herald, July 27th: A few weeks ago Mr. Mannix, Jackfish Lake, had a fine garden and was justly proud of it. But recently the gophers discovered it, and preferring the sweetest vegetables to the ripening grasses on the prairie came in countless numbers to feast on its richness. Cats, dogs, guns, traps and poisoned grain were brought into requisition, but all failed to make a perceptible reduction in their number; and now the only consolation Mr. Mannix has, is that the vermin are laying by the grain for winter use, in the meantime eating the garden sass. The unfortunate gardener would rather they would eat the grain now.

Winnipeg Commercial: F. C. Blackburn, of Seattle, who has been in the Lardeau country lately, says: "After an exhaustive personal examination of the Lardeau region I am convinced it is a rich gold and silver section, and a very extensive one. The placer gold found on the Lardeau is fairly coarse, and easily saved. Good paying prospects are obtained for eight miles along the river, beginning at a point half a mile from Trout Lake and extending up to the junction of the north and south forks of the Lardeau. The south fork is likely to be good for several miles, as the gold obtained there was considerably water worn, and evidently came from the auriferous ledges further up the river. The entire geological formation of the Lardeau and Trout Lake region is favorable for the existence of gold and silver mines. Several fine galena ledges have already been found, and the ore is much above the average grade in silver."

CALGARY Herald: "H. D. Johnson has received instructions from the public works department, Ottawa, to expend \$100 in temporary repairs on the Langevin bridge, pending the consideration of a report furnished by him in reference to permanent repairs. Mr. Johnson will expend this in patching up holes in the roadway and putting in additional braces on the trusses to prevent their swaying further. Mr. Johnson's report on necessary permanent repairs has gone to Ottawa. It is expected that these will cost in the vicinity of \$1,500." Where is the money for Edmonton's bridge?

GEO. F. HERCHMER, M. D., who was reported some time ago to be dead has just again come to our notice through a Portland, Oregon, journal, of July 15th, which says, "A man giving that name attempted to commit suicide by jumping into the river, Captain Van Anken, of the Stark street ferry, pulled him out. When he was taken to the police office a letter was found on his person saying he had no money and could get no work and was a brother to the Lieut.-Col. L. W. Herchmer, commissioner N. W. M. P. Herchmer is now very low spirited and refuses to be comforted. Dr. G. F. Herchmer used to farm about six miles south of Fort Saskatchewan on the land at present held by Arthur W. Adamson."
